

press release 2015-12-02

Audionet in Las Vegas

Dear fellow scientific magicians,

2015 was good. "Best sound"-awards everywhere. Really. 2016 will be even more awesome. With 2 new products that will literally blow hearts and minds of the cognoscenti into an even higher orbit.

Come see our brand new amp and player and talk with Thomas Gessler and Robert Hagemann. Maybe they'll even share some whispers about the upcoming über-amps with you. In our hospitality suit at THE MIRAGE just across the Street of the Venitian hotel where CES will be held from January 6-9, 2016.

Room number is currently a state secret and will thus be shared by mail and via our website on the spot.

Very much looking forward to seeing you!

Thomas Gessler
(CEO)

&

Robert Hagemann
(sales & marketing)

p.s. Should you have trouble finding us, prior to the show there's of course Bill Parrish's GTT Audio room, 29-312, on the 29th floor of the VENETIAN, where you can hear the arguably best sound on the show. With Audionet and get informed where to find us.
