

**HEISENBERG IS COMING FOR YOU**

Dear Ladies and Gentlemen,

Herewith we warmly invite you to visit AUDIONET on the HIGH END SHOW 2016 in Munich / Germany. You find us in the Atrium 3, room C121.

We've told you last year we would reinvent ourselves. That's what we did. Being nominated for the GERMAN BRAND AWARD 2016. And much applause from the audiophile cognoscenti: "Best sound" awards from all the relevant shows - HIGH END, RMAF, AXPONA, T.H.E. SHOW - confirm that our strictly scientific approach still works magic.

This year we celebrate the merging of State of the Art Engineering and globally acclaimed product design. We cordially invite you to visit us at the High End 2016 in Showroom C121 in the Atrium 3 and in our dealer/press center F001 to meet

- 5 brand new components within the two new SCIENTIST series:
- HEISENBERG and STERN - our new Über-Amps in the ultimate highend series, designed by the legendary Hartmut Esslinger of Apple-fame.
- PLANCK, WATT and AMPERE - the first three machines from our new ultra-highend series
- All Made in Germany – by people who surely know what they're doing.

We are sure that we will enthrall and impress you! Looking forward to seeing you in Munich.

Furthermore:
