

## HEISENBERG IS PLAYING FOR YOU

Dear Ladies and Gentlemen,

Herewith we most warmly invite you to visit AUDIONET on the HIGH END SHOW 2017 from the 18th to the 21st of May 2017 in Munich / Germany.

This time, we'll be celebrating the European Premiere of our insanely beautiful STERN and HEISENBERG.

The much acclaimed stars of the CES and the last far eastern shows will FOR THE VERY FIRST TIME play for you in public demo mode.

Our Ultimate Series will be setting an incredible new standard for audiophile musical reproduction.

So we most cordially invite you to visit us at the High End 2017 in Showroom C121 in the Atrium 3 and in our SCIENCE LOUNGE cum dealer/press center F001 to meet

- HEISENBERG and STERN - our new Über-Amps in the ultimate highend series, designed by the legendary Hartmut Esslinger of Apple-fame.
- PLANCK, WATT and AMPERE - the serial winners of the latest shows from our ultra-highend series.
- All proudly and thoroughly handmade in Berlin, Germany – by people who have some serious ideas about what they're doing.
